

Network+ For Government Agencies and Contractors

Strengthen Your Team with Network+ Certification

Government agencies employ CompTIA Network+ certified IT employees for improved network reliability and dependable operations.

QUALIFIED EMPLOYEES

93% of hiring managers indicate CompTIA certifications are valuable.* The Network+ exam is vendor-neutral and confirms an individual's ability in the following competencies:

- Network architecture
- Network operations
- Network security
- Troubleshooting
- Industry standards, practices, and network theory

DIRECTIVE 8570.01-M

Network+ is approved by the U.S. Dept. of Defense to meet IA Technical level 1 certification requirements.

Certifying your staff with Network+ gives you a clear advantage over your competition.

HIRING TOOL

A dependable network is essential to keep your workplace connected. Including Network+ certification as a hiring requirement ensures your IT employees are qualified to build and maintain a reliable infrastructure for your agency.

RETURN ON INVESTMENT

Certifying your employees with vendor-neutral Network+ certification validates their IT networking skills and ensures your training budget provides a solid return.

LOYAL WORKFORCE

84% of certified workers stay with their current employer, giving you the long-term benefits of a highly skilled workforce.**

"CompTIA certifications have not only boosted my salary, but have allowed me to progressively advance in my career as an IT professional at a young age."

ROBERT KOSYDAR,
