Promotion Description

Customers who purchase any 16800 Series Portable Logic Analyzer between October 1, 2012 and March 31, 2013 are eligible to receive a FREE 4 M memory upgrade option. For product information go to www.agilent.com/find/16800

Gain better insight into a system's behavior with deeper acquisition memory. A 4 M memory depth increases a designer's ability to validate and debug their prototypes. Find elusive cause and effect problems separated in time by using deeper memory.
