

Save on your next Infiniium 2.5 GHz or 4 GHz oscilloscope purchase

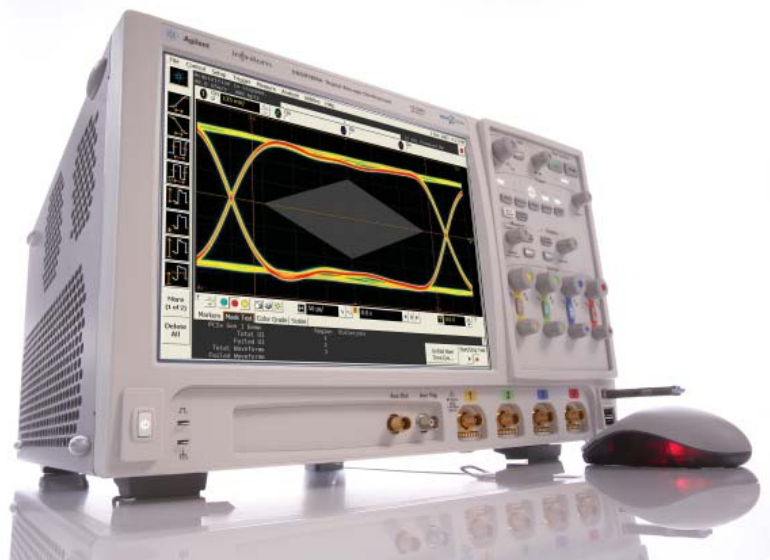

When you purchase the 2.5 GHz or 4 GHz Infiniium 90000A Series oscilloscope from Agilent you now have two options for great savings:

Bundle two or four 1 M Ohm probe adapters (opt. 807), Agilent InfiniiScan software, and an additional 20 M of memory with your purchase of a new 2.5 GHz or 4 GHz DSO90000A or DSA90000A (20 M memory option included) oscilloscope and you save 15% on the price of the entire bundle. Promo Code 5.735

OR

Bundle two 1131A InfiniiMax 3.5 GHz probes and Agilent InfiniiScan software with your purchase of a new DSA90254A (2.5 GHz) or DSA90404A (4 GHz) Infiniium digital signal analyzer oscilloscope and save 20% on the price of the entire bundle. Promo Code 5.736
