

# 508S WIRE FINDER

Accurately Locate Buried Wires and Cables

TESTING | TROUBLESHOOTING | ACCURACY

## TRACE

Cables or wires in walls, floors or even underground

## ADJUSTABLE

Pinpoint the route of the cable within an inch

## DETERMINE

Route and depth of wires before digging or drilling

## Product Features:

- Identify circuits and breakers
- Find routes of cables before drilling or digging
- Fully-adjustable sensitivity for accurate locating
- Reliable to depths of 3' and lengths up to 1000'
- Quick-change test leads for use in any industry, even international power outlets
- Voltage protection allows use on live AC circuits
- Automatic shutoff maximizes battery life
- Both the transmitter and receiver are housed in a durable, molded carrying case with a quick reference operation guide on the inside of the lid
- Compact design
- Easy-to-understand operation

## Specifications:

- Battery operated (two 9V batteries included)
- Molded carrying case included
