

Government Agencies and Contractors

Cloud+

Prepare Your Organization with Cloud+ Certification

Staffing CompTIA Cloud+ certified employees gives your organization a clear advantage in moving and governing the cloud.

HIRING TOOL

Including CompTIA Cloud+ certification as a job posting requirement ensures that your staff is capable of maintaining and delivering cloud infrastructures. 86% of hiring IT managers indicate IT certifications are a high priority during the evaluation process.*

VALUABLE ASSET

92% of military supervisors regard certification as important in setting a baseline of expertise among staff.**

QUALIFIED PERSONNEL

Cloud+ certification demonstrates your administrators' competency in cloud models, virtualization, infrastructure, security, resource management and business continuity.

RETURN ON INVESTMENT

CompTIA Cloud+ certification ensures your training budget is providing a solid return by validating each individual's core understanding of cloud computing.

“Whenever you’re bidding on projects in the federal sector, certifications mean a lot. We’re looked on more favorably than competitors who don’t have certifications.”

DAVID LUNDGREN,
IRON BOW
TECHNOLOGIES

CompTIA Cloud+™ Certification for Government Agencies and Contractors

CompTIA Cloud+ certified professionals qualify for these careers:

- Project Manager, Cloud Computing Services
- Cloud Engineer
- Manager, Data Center SAN
- Business Analyst, Cloud Computing

Verified Skills

The CompTIA Cloud+ certification exam includes *multiple-choice questions* that validate a candidate's ability to work in cloud computing environments, demonstrating their ability to securely implement and maintain cloud technologies.

CompTIA Cloud+ CERTIFICATION EXAM

Cloud+ certification requires passing the CompTIA Cloud+ certification exam:

- CompTIA Cloud+ (CV0-001) covers knowledge and skills required to implement cloud technologies.

GETTING CERTIFIED

Your employees may enjoy the rewards of Cloud+ certification by following these steps:

1. Prepare with a number of training options: Classroom, Books, E-Learning, Boot Camps, Practice Tests.
2. Locate a nearby Pearson VUE testing center and take the Cloud+ exam.

The CompTIA Cloud+ certification exam is recommended for individuals with at least two to three years of work experience in IT networking, storage or data center administration.
